### IN ONE PULPIT 38 YEARS.

REV. MR. ALEX PROCTOR RETIRES, FULL OF YEARS AND HONORS.

For Nearly Two Generations He Had Been Pastor of the Christian Church of Independence-Tears at Withdrawal.

Rev. Mr. Alexander Proctor has for thirty-eight years been pastor of the Christian church, of Independence, which was organized twenty-three years before he became pastor. The venerable minister, re-alizing that he was no longer able to bear the burden of the church work, and believing that under a younger man the church would progress more rapidly, has consented to the severance of pastoral relations with the church, and at the last meeting of the official board Rev. Mr. Vernon, of Henderson, Ky., was called as pastor.

Mr. Proctor has not enjoyed the best of health for a number of years, and this fact, in connection with his own advancing years, made it frequently necessary to have sistance in the discharge of his pastora

duties, and only when it became absolute ly necessary did his devoted congregation, that had sat under his ministry for nearly two generations, consent to part with him. Mr. Proctor, who is one of the foremost divines in his denomination in the West, can retire from his long and eminently successful pastorate with cause for congratulation He has seen families grow up be-fore him. He has baptized children and in after years haptized these children's children. Hundreds of couples have stood be fore him and plighted their marriage vows, and he has stood at the bedside and grave of those he had joined together long years of those he had joined together long years before. It is no small event in the life of a man, or even of a community, for a man to devote forty years, the best of his whole life, to the upbuilding of one church. The severing of the old ties yesterday were sad, but desired by the veteran minister. Some of the old trustees, all of them aged men, shed tears at the thought of parting. Some thought that he should be retained as pastor, while an assistant pastor be chosen to do the pastor's work. This was found not to be desired, so the old pastor who has been ministering to the church for thirty-eight years, steps down and out for younger blood. Rev. Mr. Proctor himself voted for the change, or otherwise it would have never taken place until his death. The Independence church was known as "Proctor's" church far and wide, owing to the tender recollections hovering about the edifice which the old pastor contributed so much to upbuilding.

The official board of the Independence tributed so much to upbuilding.

The official board of the Independence church has arranged that Mr. Proctor shall be paid a salary of \$50 per month, and that he shall preach, conduct funerals and perform marriages whenever he feels able to do so. The new pastor will receive \$1,200 a year.

R . Mr. Alexander Proctor was born in R. Mr. Alexander Proctor was born in Fay te county, Ky., April 1, 1825. In 1836 he moved to Randolph, Mo. He graduated at Bethany college in 1848 and was ordained a Christian minister, taking his first charge at Lexington, Mo. In the fall of 1850 he removed to Giasgow, Mo., and there removed to Giasgow, Mo., and there remained until 1856, when he went to St. Louis. In 1860 he removed to Independence, and, with the exception of a short time during the civil war, has been a resident ever since. While not a resident of Independence, he really had charge of the local Christian church in 1859. He married Miss Caroline Trewitt in 1859 and has a family of grown sons and daughters.

The aged pastor lives in the suburbs of the city of Independence and passengers on the electric line can see the venerable minister at all times of the summer days, in his yard under the large forest trees, studying his Bible.

### A Tried Remedy for Billiousness.

A Tried Remedy for Billousness.

Those who suffer from disorder or inaction of the liver will never get the upper hand of the unruly organ so long as they use such irrational remedies as blue pill, calomel and podophyllin. But from the tried and popular medicine, Hostetter's Stomach Bitters, they may expect relief with a certainty of obtaining it. The influence of the Bitters upon the great billiary gland is direct, powerful and speedily felt. The relief afforded is not spasmodic, but complete and permanent. The sallowness of the skin, furred appearance of the tongue, indigestion, costiveness, headache, nausen, pains through the right side and shoulder, in fact every accompaniment of the obstinate complaint are entirely and promptly removed by a course of this inestimable medicine, in behalf of which testimony is constantly emanating from every quarter, and from all classes. timony is constantly emanating from every quarter, and from all classes of society.

### SAY HE KILLED JACOBSON.

POLICE THINK THEY HAVE ONE OF THE MURDERERS.

Young Harry Deyo Arrested at His Brother's Farm in Kansas-He Admits Having Committed Burglary.

Harry Deyo, suspected by the police of complicity in the murder of Officer Jacobson at Nineteenth street and Forest avenue last Thursday night, and known to have committed burglary the night before, was arrested at the home of his brother, David Deyo, one of the most respected residents of Johnson county, five miles south of Olathe, Kas., yesterday, by Detective Hayde. The prisoner was brought to this city last night. Deyo was found on his brother's farm at the edge of the small town of Bonita. He made no show of resistance and willingly accompanied the officer to the train.
A hundred dollars' worth of clothing, dry

goods, hats and shoes, stolen from Em-rich Bros.' dry goods store at 1003 West Seventeenth street, Wednesday night, was Seventeenth street, Wednesday night, was found in Deyo's possession and brought hack to Kansas City by Detective Hayde. The goods were packed away in a soupbox and a large valles. Deyo was no doubt implicated in the robbery at this store.

The police have been on Deyo's trail since the day following the murder of Officer Jacobson. He is known to have been in the vicinity of Eighteenth street and Troost avenue on the night of the murder with a pal. He acknowledges being at Holmes square park at Eighteenth and Holmes streets, Thursday evening, The pal is known to the police, but has not yet been arrested. Inspector Halpin stated last night that the arrest of Deyo's pal would probably follow to-day. He sent several telegrams last night, authorizing the man's arrest.

Thursday evening, The pal is known to the police, but has not yet been arrested. Inspector Halpin stated last night that the arrest of Deyo's pal would probably follow to-day. He sent several telegrams last night, authorizing the man's arrest.

Inspector Halpin says there can be no doubt as to the part Deyo took in the killing of Officer Jacobson. His movements have been traced from the time the shooting occurred until the hour of the arrest. The police claim that Deyo fired the shot that killed Officer Jacobson. With his pal he ran to where the Belt line tracks cross Troost avenue and where Watchman Crawford saw them turn west. At Harrison street the murderers ran south again and disappeared in the darkness. They separated near the city limits, Deyo returning to Kansas City by a roundabout way, concealing himself the best way he could until the following morning, when he caught a Memphis passenger train out of the city. The pal went into the interior of Missouri. Witnesses who claim to have seen Deyo and a pal near Eighteenth street and Troost avenue Thursday night, give the same descriptions of them that Watchman McCarty does, who saw them running after the shooting. McCarty will go to Central police station to-day and try to identify Deyo.

I had a very severe time with it, but was able to get out after being confined to my home several weeks.
